IFBI – A brief overview

Established by NIIT in association with ICICI Bank, Institute of Finance, Banking & Insurance(IFBI) reflects the strengths of both these parents.

NIIT's expertise in the design and conduct of distributed non-formal education and its experience of manpower-development for India's IT sector, are combined with ICICI Bank's domain-knowledge across the spectrum of financial services and its leadership status within the banking sector.

About the Banking, Financial Services and Insurance Sector

The key focus area of IFBI is to address the manpower challenges of multi-skilled and trained professionals in the BFSI sector. IFBI is actively engaged in re-skilling existing professionals in the banking sector - who are being overwhelmed by recent economy reforms, technology advancements and changes in attitude & approach in this sector.

IFBI students get inducted in various functional roles like customer acquisitions (sales), front-office operations, back-office operations, wealth management, customer service, phone- banking etc
