4th April
Stay Safe Online Campaign

During India's presidency of G20, the Ministry of Electronics and Information Technology (MeitY) is running a campaign titled 'Stay Safe Online' aimed at creating awareness among citizens including specially-abled persons to stay safe in an online world on the widespread use of social media platforms and rapid adoption of digital payments. As India is making significant efforts towards becoming a trillion-dollar digital economy, the campaign focuses on sensitizing users of all ages about online risk & safety measures and promoting cyber hygiene thereby reinforcing the cyber safety of citizens. Students along with faculty members of the University participated in Online Quiz on Digital Financial Security.

10th April
Interactive Session with CSInfotech

On April 10th, at Indus international University, an interactive session was organized for the students of Computer science department. All the students of MCA, BCA and B.Tech were present for the session. The session was conducted by Mr. Rohit Soni of CS Infotech Soft Solutions Pvt. Ltd. In the session, he told the students about the importance of different programming languages like C, C++, Java, Python, Swift, .NET, etc. He informed the students about the basics of industrial training and its requirements. During the interactive session on programming languages, participants discussed the pros and cons of various programming languages, their syntax, and how they are used. Additionally, participants talked about the role of programming languages in emerging technologies such as artificial intelligence, machine learning, and block chain. On this occasion Vice-Chancellor Dr. Sanjay Kumar Bahl and Registrar Dr. Palwinder blessed the students and wished them all the best for the future.

E-News of April and May

17th April
Guest Lecture on Pharmacovigilance

Indus International University, a leading higher education institution, recently hosted a guest lecture on pharmacovigilance. The lecture was held in the university's pharmacy department and was attended by students, faculty members, and professionals. The guest speaker for the lecture was Mr. Rahul Joshi, a pharmacovigilance expert with more than six years of experience in the field. Mr. Joshi shared his insights and knowledge on the importance of pharmacovigilance and its role in ensuring the safety and

efficacy of drugs. During his lecture, Mr. Joshi highlighted his own journey in the field, sharing his experience of working with various multinational companies and his current work with Syneos Health, the world's leading CRO. He also emphasized the need for more professionals in the field of pharmacovigilance, as it is a growing industry in India and across the world. The event was welcomed by Prof. (Dr.) Palwinder Kumar, the Registrar; spoke about the importance of such guest lectures and events for the professional development of students. There is a trend towards more specialized pharmacy programs that focus on areas such as clinical pharmacy, pharmaceutical technology, pharmacovigilance, and regulatory affairs. Additionally, the integration of technology and digital platforms into pharmacy education is becoming increasingly important, allowing for more efficient and effective learning.

With the objective of enriching the knowledge and exposure of the students to the IT industry, this industrial visit was organized for the students. Taking advantage of this golden opportunity, all the students of UG and PG program of CSE department of Indus International University became a part of this exciting visit. The main reason for organizing the visit was to propel experiential education to which the University is fully committed. IIU University organized an Industrial Visit to Space Window, Mohali for students of B.Tech Computer Science and Engineering, BCA, MCA. Space Window Pvt. Is A Professional IT Company for Learning and Working, Digital Marketing, Web/App Development, Python, SEO, AI, PHP, Java, and Much More. The visit proved fruitful for the students as they were made aware about how the IT industry work, and various Job Profiles in IT Companies.

3rd May
NCC Plantation Drive

Plantation program was organized at Indus International University, Bathu, Una district. During this, NCC cadets planted saplings of different species in the university campus. The cadets also took a pledge to take care of the plants. Vice-Chancellor Dr. Sanjay Kumar Bahl said everyone should plant saplings. Subedar Balbir Singh of NCC explained the importance of environmental protection to the students. University Registrar Dr. Palvinder Kumar apprised the students about the importance of plantation. At the same time, the cadets said that it is our moral

responsibility to take care of the environment. There should be a sense of benevolence and kindness within the person. Tree plantation is a virtuous work in which everyone should participate. We should not limit ourselves to planting saplings, but should take care of them till they take the shape of trees.

4th May
Interactive session with A2IT

On May 4th, at Indus international University, an interactive session was organized for the students of Computer science department. All the students of MCA, BCA and B.Tech were present for the session. The session was conducted by Mr. Manmohan Jeet Singh Dhillon and Mr. Prabhjot Singh of A2IT Pvt. Ltd. (**Auscan Academy of Information Technology Pvt. Ltd.**). They build SaaS(Software as a Service) based Digital Business Automation Solutions using emerging technologies for Startups and Enterprises. In the session, they told the students about the importance of different programming languages like C, C++, Java, Ruby, Python, Swift, .NET, Android, Ruby on Rails (ROR) etc. They informed the students about the basics of industrial training and its requirements and which training courses the students could opt for that are being provided by them. During the interactive session on programming languages, participants discussed the pros and cons of various programming languages, their syntax, and how they are used. Additionally, participants talked about the role of programming languages in emerging technologies such as artificial intelligence, machine learning, and block chain. Such interactive sessions help them to understand the expectations of Corporates while hiring prospective job aspirants. It further highlights the career scope of their respective domains and guides them to design a road map in achieving their goals. On this occasion Vice-Chancellor Dr. Sanjay Kumar Bahl and Registrar Dr. Palwinder blessed the students and wished them all the best for the future.

12th May
Chess Competition

The inter class chess competition was held on the 12th May. The contestants were split into groups who were made to play simultaneously. Every contestant was given 15 minutes to make their moves. The result was decided either by Checkmate. All the matches were knockout matches and the looser had to go out of the tournament. The tournament was a tough one with all the contestants putting out their best skills.

The tension in the game kept increasing as the time went on. Finally, after a tough competition, the results were known with Mr. Nitin Joshi of M.Sc. Chemistry securing the first place and Mr. Deepak Sharma of MCA securing the second place.

E-News of April and May

16th May

Farewell Party

Farewell party was organized at Indus International University in the university auditorium. The party was organized for the outgoing BCA students. The day was a fiesta devoted to the years spent together with friends and teachers, to reminisce joyous moments. The hall was festooned with decorations. Being a colorful affair, the farewell bash rocked the day for all the party attendees. It was a beautiful morning, as the batch of 2020-23 showed up, dressed in their finery was welcomed by the latest hit numbers. The young ladies glowed in colorful saris whereas gentlemen carried themselves smartly in suits. The juniors put up an entertaining music and dance show which included a medley of songs and dance performances. The highlight of the event was the Miss Farewell contest in which the outgoing students walked the ramp gracefully and participated in games. Registrar Dr. Palwinder Kumar sent his

blessings and assured the students that they will always get the support of the university even after they have left. Khushboo was adjudged as Ms. Farewell, Jashan as Mr. Farewell, Mehak as Ms. Charming, and Mohit as Mr. Personality. The junior students left no stone unturned to entertain the gathering with their eye-pleasing presentations, melodious songs, and exciting games. Outgoing students also shared their experiences. The outgoing students were honored by presenting mementos. It was followed by lunch and an open dance. The students bid a tearful adieu to their university, their teachers, and their friends.

Health Care Survey

Students of Business Management Department of Indus International University were selected for Una District Health Survey for Elvis Health Care. A total of 17 students were selected and they conduct a health survey about the problems people face in their local areas, which hospital they prefer to go to in case of an emergency. Students of BBA, B.Com and MBA were selected and with the help of software they collected data of around 6000. Ms. Priya of B.Com second semester collected maximum amount of data. The participating students displayed exceptional professionalism and commitment during the survey process. He was instrumental in designing the

survey questionnaire, collecting data from his peers, and ensuring the confidentiality and anonymity of the respondents. The students were felicitated with certificates and prizes for their excellent work. Their efforts are aimed at helping health by bringing together different people in the region and managing the way health works in the region. This survey was done by Mr. Joy and Dr. Vivek Sharma for the health of the people. Vice Chancellor Dr. Sanjay Kumar Behl and Registrar Dr. Palvinder Kumar wished the students all the best and work hard. They should keep doing this type of research from time to time for the welfare of the society.
