4th October Poster Making

Indus International University recently hosted a lively and engaging Poster competition on 4th October 2023 showcasing the artistic talent of its students. The

organized competition covered a range of thought-provoking topics including Animal welfare. The objective of this program was to encourage creativity and provide a platform for students to express their viewpoints through art. **World Animal Welfare Day** is a global initiative observed each year on October 4th. This significant day is dedicated to serving as an International Day of Action, with the primary mission of advocating for the rights and welfare of animals. The selection of this date is particularly meaningful as it aligns with the feast day of Francis of Assisi, the revered patron saint of animals. This occasion brings together animal enthusiasts and advocates from all corners of the globe, with the shared objectives of raising awareness and nurturing a collective sense of responsibility towards ensuring the well-being and protection of animals in our world. The day is celebrated with the aim of celebrating animal rights and welfare all throughout the world. This day brings the animal welfare movement together, mobilizing a global force to make the world a better place for all animals. The event is coordinated by Mrs. Ekta Thakur and Mrs. Mandeep Kaur. All Departments students participated on this occasion in which 1st position got by Apoorva and Simran Saini and the 2nd position got by Rajni and 3rd position got by Simran and Vishakha.

12th October

Target Setting Workshop

Workshop, an important event aimed at shaping the destiny of new members of the academic family at Indus International University. Mr. John Nilankavil, Secretary of the University, led the event underlining the profound importance of goal setting as the first rung on the ladder of personal and professional victory. He emphasized the importance of a vision and a plan and shared his own experiences to illustrate the transformative power of goal setting. The distinguished presence of Vice

Chancellor Dr. Sanjay Kumar Bahl and Registrar Dr. Jagdev Singh Rana made the occasion significant, reflecting the Institute's commitment to nurturing goal-driven, all-round individuals. It all starts with setting the right goals. It's about personal development, and this workshop is designed to help you identify your aspirations and then draw a roadmap to achieve them. The workshop included interactive sessions, group discussions and practical exercises designed to help students explore their strengths, weaknesses, interests and long-term ambitions. Students were guided in the art of setting SMART (Specific, Measurable, Achievable, Relevant and Time-bound) goals to ensure that they can effectively monitor their progress. The program concluded with students enthusiastically sharing their short-term and long-term goals, with many expressing new clarity and inspiration in their academic endeavors. The workshop represented an important step towards their success, providing students with the means to achieve their dreams and aspirations.

13th October

26th October Cyber Security Seminar

A recent cyber security seminar, held at Indus International University brought an expert to discuss the latest trends, challenges, and solutions in the field of cyber security. Mr. Vinay Sardana was the expert invited. He is senior engineer in Abu Dhabi transmission and Dispatch Company. He is chartered engineer from Engineering council UK and a senior member in IEEE. He delved into various aspects of cyber security. Topics ranged from emerging threats like ransom ware, malware, vulnerabilities and phishing attacks to the ever-evolving landscape of data protection regulations. He informed the students and staff present to beware of these sorts of attacks. He asked the students to be aware while using external memory devices, public networks and while receiving and sending emails. Because not being aware of these could result in them being victims of cyber attacks and loss of sensitive information. He highlighted the need for organizations to implement robust backup and recovery strategies to mitigate the impact of such attacks. He emphasized the importance of verifying every user and device accessing a network, regardless of their location or trustworthiness. Vice Chancellor of the university, Prof. Dr. Sanjay Kumar Bahl and Registrar, Dr. Jagdev Singh Rana thanked Mr. Vinay Sardana for shared this important knowledge with the students. They also advised the students to be aware of the cyber threats they can face and what precautions can be taken to avoid such attacks. In a world where cyber threats are constantly evolving, staying informed and proactive is the key. The cyber security seminar served as a timely reminder of the ongoing battle to protect digital assets and sensitive information.

31st October Mehndi Competition

Mehndi Competition was conducted in Indus International University on 31st October. This competition also had a motive to inculcate among the students an interest in tradition and customs of India exhibited on various festive occasions. The event, which drew participants from various departments, celebrated the rich tradition of henna design and provided a platform for budding artists to display their creativity. The competition witnessed a fervent display of talent as students adorned their hands with mesmerizing patterns, blending traditional motifs with contemporary themes. The participants exhibited remarkable dexterity and innovation, captivating the audience with their intricate designs and meticulous detailing. The event concluded on a high note with participants and spectators alike expressing their admiration for the artistry and cultural significance of mehendi design. The competition served as a reminder of the university's commitment to nurturing talent and fostering creativity among its students.
